The Full Moon brings things to fruition, to the fullness of being. It's time for manifesting abundance, love, fulfillment, creativity, whatever your intention might be. At the Full Moon, the Goddess will bless you with the magic of Her presence and Her power. She is Selene, Cerridwen as the White Sow, Freya, and the Inuit god Alignak. Cast your spell by the light of the Full Moon to manifest all that you need to live well and with wonder.

Cast beneath the light of the Full Moon and outside if you can.

You'll need:

- Your Intention Candle or one of an appropriate color
- Your Intention Amulet
- A symbol or object of your goal
- A bowl of Water
- Something to eat and drink (for grounding)

Cast your spell:

Cast your circle. Breathe, ground, and center yourself.

Light your Intention Candle. Place it safely on the ground, (put a glass or hurricane candle-holder around it). Place the bowl of Water on the ground to be charged with the power of the Full Moon as you work. Hold or wear your Intention Amulet and state what you want to manifest.

(Love, prosperity, happiness...)

Call the Goddess of the Full Moon to bless you:

***Goddess of the bright Full Moon,
I come to you to seek a boon,
with work and magic, transform my intention
into manifestation!***

Hold your Intention Manifestation Object up, or place one hand on your Jewelry Intention Amulet, and raise the other hand to the Moon to charge it and yourself with the power of the Full Moon. Look up at the Moon, repeating the incantation until you feel her powers of manifestation within you. Dance as you chant.

When you feel the energy wane, cross your arms over your heart. Ground any excess energy into Mother Earth. Eat and drink to ground yourself.

When you're ready to close the circle, hold the Water up to the Moon. Carefully pour some onto Mother Earth. Later, pour your Moon-Charged Water into a clear bottle for future spells.

Thank the Goddess of the Full Moon for blessing you as you manifest your spell and your life. Blow out the candle.

Your spell is cast. Close your Circle.
